SIO-SAFE™
ESSENTIAL LIGHT

Offshore coverall with ARC protection

This durable and multifunctional arc coverall features six different pockets on the outside and one on the inside. This model with double-stitched reflective FR strips is made from a very light fabric weighing only 260 g/m^2. At the same time, the fabric is very breathable and supple, flame-retardant, anti-static and offers you excellent protections against heat and metal splashes. For extra comfort and a good fit the waist can be adjusted, the sleeves can be narrowed by using press studs and knee protection can be pushed into the knee pockets.

IEC 61482-2: 2009	EN ISO 11612: 2015	EN ISO 14116: 2015	EN ISO 11611 2015	EN 1149-5: 2008	EN 13034: 2005 +A1:2009
