SIO-SAFE™
AQUA

Hi-vis rain jacket with ARC protection (C1 2)

Available until end of stock.

Meet the Riverton. This hi-vis rain parka with class two arc protection is made from a laminated fabric that is perfectly water and windproof. The many pockets (6 on the outside and one inside), the two loops for gas detection meters, the sleeve narrowing and the possibility to attach a hood (sold separately) to the standing collar, make this a very functional rain parka. The fabric is comfortable and the elastic narrowing in the back ensures that you can move smoothly.
