SIO-SAFE™
ESSENTIAL LIGHT

Offshore jacket with ARC protection

This one-color jacket with arc protection features double-stitched reflective FR strips on the shoulders and arms and protects against heat and metal splashes. The jacket is made from a breathable, non-allergenic, lightweight (260 g/m²) fabric with moisture-regulating properties. The extended back further increases comfort. With two loops for gas detection meters, two patched chest pockets and two slanted pockets with concealed press studs closure, this is an extremely practical flame retardant and anti-static jacket.

Offshore jacket with ARC protection

Ramea - 009VA2PFB
