SIO-SAFE™
ESSENTIAL

Coverall with ARC protection

This extremely practical coverall with arc protection is equipped with no less than seven pockets on the outside and one on the inside. Two loops for gas detection meters and the knee pockets to slide in extra protection are a handy bonus. The Anaco coverall is not only flame retardant and anti-static, but offers excellent protection against heat and metal splashes. The supple, breathable fabric with moisture-regulating properties contributes to the wearing comfort.

Coverall with ARC protection

Anaco - 016VN2PFA
