Harlem

9913A2TUR

Hi-vis ECO softshell jacket (fixed sleeves)

The Harlem is the fully high visibility orange version of the Aborg sustainable softshell. It's made of recycled polyester and fleece, keeping you warm and comfortable. The Harlem was designed to last, which is a great sustainable feature. The longer we can wear a garment, the more we can reduce its impact on the environment. Improve your visibility with this softshell. You won't regret it.
