SIO-SAFE™
ESSENTIAL LIGHT

Offshore coverall with ARC protection

This durable and multifunctional arc coverall features six different pockets on the outside and one on the inside. This model with double-stitched reflective FR strips is made from a very light fabric weighing only 260 g/m². At the same time, the fabric is very breathable and supple, flame-retardant, anti-static and offers you excellent protections against heat and metal splashes. For extra comfort and a good fit the waist can be adjusted, the sleeves can be narrowed by using press studs and knee protection can be pushed into the knee pockets.

Offshore coverall with ARC protection

Devona - 017VN2PFB
