T-shirt with long sleeves

Bodywear comes into contact with the skin, so it is extremely important that it is comfortable and absorbs sweat and drains away from your skin. The Ferano T-shirt with round neck and long sleeves not only offers very good thermal insulation, but thanks to the antibacterial treatment it is also very hygienic bodywear. The Ferano has an extended back and a separate collar on the wrist for comfort. The decorative seams in contrasting colour complete the Ferano.
