Hi-vis ladies softshell with ARC protection

Because ladies also often work in hazardous situations it is important that they also have the right protective clothing which is especially designed to their figure. That is why we have developed a hi-vis ladies softshell that complies to multiple international standards including IEC 61482-2, EN ISO 11612, EN ISO 11416, EN ISO 11611, EN 1149-5 and EN 13034 amongst others. The elongated back tail and other practical features like the chest pocket, loop and inside pocket make this a very convenient softshell for very hazardous situations.
