Hi-vis coverall with ARC protection (RWS)

You cannot hide with the hi-vis Marrum coverall. The vertical stripes on the arms, shoulders and legs make that this coverall also complies to the Dutch RWS standard next to the international EN ISO 20471 standard. Thanks to the design and the fluorescent colour the coverall also complies to the British railway standard. This practical coverall with its many pockets has electrostatic properties and protects the wearer against the thermal hazards of an electric ARC, heat, flames and liquid chemicals. Thanks to the knee pockets the wearer can add knee protection for his/her comfort. In short, the perfect coverall for many types of work.
