Flame retardant, anti-static hi-vis rain jacket

The Wilkie is a very light and durable waterproof high visibility rain jacket. This new version of our Andilly jacket has segmented reflective FR striping on the arms, stomach, chest and back and has a modernised look and fit. The conductive yarn, which prevents the build-up of static electricity, was integrated into the Flexothane® Anti-Static fabric, giving the jacket permanent anti-static properties. Thanks to the stowaway hood, this jacket is multifunctional.
