## Hi-vis coverall with ARC protection

Practical and multi-functional are two characteristics that apply to this hi-vis coverall with arc protection. Practical thanks to its many features like knee pockets, sleeve narrowing, adjustable elastic waist, many pockets and above all thanks to its light weight (260 g/m<sup>2</sup>). The double-stitched reflective FR strips make you visible so that you can safely do your work. The coverall is flame retardant and also protects you against heat and metal splashes.
