SICOSTART

Flame retardant, anti-static hi-vis rain bomber jacket

The comfortable and tear-resistant Waddington with water-repellent, windproof outer fabric and a moisture-absorbing coating on the inside is the perfect hi-vis rain jacket. The highly breathable fabric has flame retardant and anti-static properties and has been provided with reflective FR strips on the outside to increase your visibility. The hood is stored in the standing collar. If you get too hot, you can always take the sleeveless, flame-retardant fleece lining out of the jacket.

In addition, the sleeves can be narrowed and the hem is elastic for your comfort.
