Flame retardant, anti-static hi-vis rain coverall

A flame retardant and anti-static garment that covers your whole body and protects against splashes of liquid chemicals, that is our hi-vis rain coverall Geralton. The elastic waist and zippers at the bottom of the leg make it easy to get in and out of the Geralton. The hood is removable and can be stored inside. The coverall has one extra inside pocket, one chest pocket, two inset pockets, one sleeve and pen pocket, one Napoleon pocket and one patched thigh pocket. In addition to all these storage options, a loop for a gas detection meter is provided, while the elastic wrist band with touch and close fastening increases the wearing comfort.

Flame retardant, anti-static hi-vis rain overall

Geralton - 5634N3EF7
