SIO-SAFE™
EXTRA ECO

ECO Trousers with ARC protection

The Rumes trousers are made from an inherently flame retardant fabric and offer excellent protection against heat, flames and the thermal hazards of an electric ARC. The Rumes can be worn in many industrial environments as these trousers also protect you against welding sparks and liquid chemicals. For tasks where this is necessary, knee protection can be slid in the knee pockets for extra comfort. For your visibility and protection, the leg ends are equipped with reflective tape.
