## Rain jacket with detachable softshell jacket

*Available until end of stock.*

Burma is a multifunctional 4-in-1 rain parka, which you can easily adapt to your own needs and to the weather. Both the softshell jacket and the raincoat can be worn separately. The raincoat, with water-repellent outer fabric and moisture-absorbing coating on the inside, has a detachable hood with chin protection. With five pockets, including one inside pocket, elastic wristband with sleeve narrowing and knitted wind cuffs in the sleeves, this is a very practical jacket that you can personalise with your own logo. The softshell jacket has two pockets on the outside and one inside. Moreover, the sleeves are removable turning the parka into a comfortable body warmer.
