Dronten

610AA21P0

Hi-vis RWS polo shirt with ARC protection

The Dronten hi-vis polo with long sleeves fulfils a few important tasks for you: it makes you visible, it protects you from industrial hazards and absorbs perspiration and transports it away from your skin keeping you dry and comfortable. The polo complies to class 3 (as of size M) of the EN ISO 20471 standard for high visibility clothing and because of the specific pattern of the reflective material, the polo also complies to the Dutch RWS-standard (road and rail workers) and the British RIS-3279-TOM standard (rail industry).

Hi-vis RWS polo shirt with ARC protection
