## Polo shirt with ARC protection

In situations where there is a risk of an electrical flashover it is important that you are well protected on multiple levels, especially close to the skin. The Bladel is a long sleeved polo shirt that complies to multiple international standards like IEC 61482-2, EN ISO 11612 and EN 1149-5. The buttons are covered for your protection and the polo is stylishly finished with a small strip of segmented reflective tape.
