# Hi-vis rain trousers

Work comfortably and yet be visible and protected against wind and rain. This is possible with our Tarviso hi-vis rain trousers. The water-repellent outer fabric is tear-resistant and has reflective strips. Thanks to a membrane and the moisture-absorbing coating on the inside, these are breathable trousers that will never make you feel clammy. The trousers come with a fly with press studs, two inset pockets, narrowing at the leg ends with press studs and an elastic waist with cord.
