SIO-SAFE™
EXTRA

Hi-vis jacket with ARC protection

Working safely, that's what the Larrau jacket promises you. Made from a light, inherently flame-retardant, breathable and supple fabric, harmless to the skin, this jacket offers excellent arc protection, and protection against heat and metal splashes. It is equipped with double-stitched reflective FR strips for increased visibility. The tailored jacket is anti-static and resistant to wear, shrink and pilling, even after frequent washing.
