## Laminated softshell jacket with detachable hood

With its sporty look, the Homes softshell jacket really stands out. The 3-layer laminated softshell is at the same time breathable, water- and windproof. The fleece on the inside keeps you warm and gives you a comfortable feeling. The Homes has some useful features such as a detachable hood with chin guard, which can be stored in a special inside pocket, sleeve narrowing with touch and close fastening, and an extended back. This softshell with two pockets, one chest pocket and one inside pocket is pretty stylish with thin reflective piping on the arms and chest.
