Flame retardant and anti-static long johns for ladies

Comfortable and protective underwear, that is the Tormi. The fabric of these long johns is a mix of natural biodegradable fibres and inherently flame resistant modacrylic fibres, meaning that the FR properties never wash out or wear off. The long johns have an elastic waist and knitted ankle cuffs for a good fit. The Tormi feels very soft and light. Moreover, the natural fibres absorb a lot of moisture ensuring that dry and comfortable feeling.
