

Treban

193AA2X75

Winter jacket

Do you want to protect yourself against the cold winter rain and the wind, and you need a lot of storage and features? Then the Treban might be the ideal winter parka for you. The reflective strips on arms, chest and back increase your visibility during long dark winter days. Because of the elastic back and the touch and close wrist narrowing the parka always fits well.

Winter jacket

Treban - 193AA2X75
