Hi-vis rain winter coverall with ARC protection (APC 2)

Do you have to face the rain and the cold in hazardous situations? Then our Bjordal coverall is perfect for you. This winter coverall with Arc Protection Class 2 also keeps you visible day and night with its fluorescent colour and segmented reflective stripes. The 6 pockets on the outside are all covered with a flap just like the zipper at the front and at the leg ends, so no water penetration is possible. A hood, available separately, can be attached to the straight collar or stored on the pocket inside. The fixed quilted flame retardant cotton lining and the 3-layer fabric on the outside offer excellent protection against heat, flames and welding sparks.

Hi-vis rain winter coverall with ARC protection (APC 2)

Bjordan - 5909A2ET2
