Rain jacket

This soft, durable and stylish rain parka not only keeps you dry, but because of the high-quality fabrics and the underarm ventilation, the parka is perfectly breathable. The standing collar and the elastic wrist bands with touch and close narrowing keep out the wind. When it gets cold, you can choose from different linings and fleeces to zip in. The parka is aimed at your comfort: its detachable hood, which can be stored in a special inner pocket, has chin protection, the sleeves are pre-shaped, waist and hem have a cord and the zippers are fitted with a long loop so that these are easy to open. With 7 pockets this is a very practical rain parka.
